

CS Brewer Warranty

We warranty* this device for one year from the date of purchase in the following manner: *If this device fails to perform as it should, and you have followed the test/repair procedures, return it to us for free repair.*

The exceptions/conditions to this warranty are:

1. If the fuse is blown. (You are responsible to check and replace the fuse.)
2. If the device was connected to a higher voltage source than it was designed for (110-120 volts AC, with Domestic North America model; 240-250 volts AC, International model).
3. If the device was exposed to water or other liquids, or if the device has been opened. (We'll know!)
4. If the device has been abused/mistreated – bashed, smashed, broken, cracked, etc. Lightly scratched is ok.

If the [test procedures](#) indicate a non-working unit, [click here](#) to fill out the appropriate warranty form.

*This warranty does not apply to the life of the silver wire. The life of the silver wire is determined by hours of use, quality of water, etc. I cannot guarantee how long they will last.
